

LogBook

Student Name: Cheryl Cheong Kah Voon

Matric No: A23CS0060

Date	Activity	Keyword	AI prompt used
14 April 2026	Ask Gemini to suggest the manuscript title and body content of the paper	None	“write me a academic manuscript title with the following information: Cloud Computing with Google Cloud Platform comparing with other existing service provided by microsoft and google, or Cloud Computing with Google Cloud Platform...”
14 April 2026	Ask Gemini for the content of the paper	None	“with the topic of "Architectural Evaluation and Deployment Strategies: A Comparative Study of Google Cloud Platform and Microsoft Azure", extended the idea with introduction (background, problem statement, objective of this study), literature review, analysis discussion, comparison and etc”
14 April 2026	Find the reference that related with the topic	“Azure”, “GCP”, “Real-time data processing for Azure and GCP”	“Suggest paper that related to Azure, Google Cloud Platform and real-time data processing”
14 April 2026	Construct Introduction of paper and overview of real-time processing	None	“Write a brief introduction for a paper comparing GCP and Azure architecture for real-time data processing”
18 April 2026	Construct Google Cloud Platform (GCP) section	“GCP architecture”, “Dataflow”, “BigQuery”, “YouTube case study”	"Explain GCP real-time pipeline architecture including Pub/Sub and Dataflow with YouTube case study"
22 April 2026	Construct Microsoft Azure section and select architecture diagrams	“Azure Synapse”, “Event Hubs”, “Stream Analytics”,	“Analyze Azure real-time streaming architecture and suggest if the diagram is suitable for real-time processing”

		“Walmart case study”	
24 April 2026	Construct Comparison Table and Discussion	“Global VPC vs Regional VNet”, “Serverless-first”, “Latency-sensitive”	“Suggest criteria for comparison between GCP and Azure, including performance, network architecture, and IoT”
25 April 2026	Construct Conclusion and Abstract part	“Multi-cloud strategy”, “Strategic framework”	“Summarize the comparative study of GCP and Azure into paragraphs and write a suitable abstract”
26 April 2026	Format the paper and finalize references	None	None
